

THURAYA FOODS TRADING

BRAND BOOK • 2026

GLOBAL FOODS • BRIGHTER LIVES

Business Food Trading & Wholesale	Market Qatar / GCC
Brand Personality Professional • Premium • Natural • Global	Core Idea Global sourcing + reliable wholesale distribution

Brand promise

Thuraya Foods Trading connects quality food products from global sources with customers and wholesale markets in Qatar, combining dependable supply, professional distribution, and a strong commitment to food quality.

01 — BRAND FOUNDATION

Positioning

Thuraya Foods Trading is positioned as a professional food trading and wholesale company serving Qatar and the wider GCC. The identity should communicate trust, international reach, freshness, reliability, and commercial strength.

Pillar	Meaning
Global Reach	International sourcing and food trade.
Freshness & Quality	Products selected and handled with quality in mind.
Trusted Distribution	Reliable wholesale supply and business relationships.
Brighter Lives	Food as a foundation for healthier communities and everyday life.

Brand personality

Professional • Premium • Natural • Global • Trustworthy • Modern

Messaging direction

Primary tagline: GLOBAL FOODS • BRIGHTER LIVES

Supporting language: quality food products, global sourcing, reliable supply, trusted partnerships, food quality, Qatar, wholesale distribution.

02 — LOGO SYSTEM

Primary logo

Use the full-color globe + leaf + ship mark with the THURAYA FOODS TRADING wordmark as the default identity on light backgrounds.

Version	Primary use
Full-color stacked	Main website sections, about pages, presentations
Horizontal	Website navigation, email headers, wide banners
Icon-only	Favicon, social profile, app-style contexts
White / reversed	Dark green backgrounds and footer
Monochrome	Print-style documents and single-color applications
Gold premium	Selective premium campaign or special presentation use

Clear space & sizing

Maintain a clear area around the logo equal to at least the height of the letter “T” in THURAYA. Avoid crowding the mark with text, images, borders, or other interface elements. For digital use, keep the complete logo comfortably legible; use the icon-only mark at very small sizes.

Do not stretch, rotate, recolor arbitrarily, add shadows/glows, rearrange elements, or place the logo over busy imagery without sufficient contrast.

03 — COLOUR SYSTEM

Colour	HEX	Role
	#0F382E	Primary brand colour
	#2E7D32	Secondary brand / actions
	#6DBF67	Freshness / accents
	#D4AF37	Premium highlights / CTAs
	#F8F7F2	Main background
	#1F2937	Body text / UI text

Recommended balance

Deep Forest Green should dominate the brand. Use Warm Off-White for breathing room.

Primary/Leaf Green support product and freshness communication. Gold is intentionally limited so it remains a premium accent rather than becoming the main colour.

04 — TYPOGRAPHY

Primary typeface — Montserrat

Use for navigation, headings, labels, buttons, product names, numbers, and UI. Recommended weights: 600–700 for headings and 500–600 for interface elements.

Secondary typeface — Lora

Use selectively for premium/editorial statements, large campaign headlines, and supporting storytelling. Keep normal website body copy in a clean sans-serif for readability.

UI element	Recommended treatment
Hero headline	Montserrat Bold / uppercase or title case
Section heading	Montserrat SemiBold
Body	Montserrat Regular
Button	Montserrat SemiBold
Premium campaign quote	Lora Regular / SemiBold
Small label	Montserrat Medium with letter spacing

05 — WEBSITE DESIGN SYSTEM

Navigation

Use a clean white/off-white navbar with the horizontal logo. Navigation: Home • About • Products • Services • Our Network • Quality • Contact. Primary action: Get in Touch.

Buttons

Primary Dark green filled • white text	Secondary White/off-white • green outline	Accent Gold filled • dark text
---	--	-----------------------------------

Product cards

Use high-quality product photography, clean product names, short descriptions, category labels, and a simple “View Details” action. Cards should feel premium but remain practical for wholesale browsing.

Photography direction

Prioritize fresh food, produce, spices, grains, packaged foods, cold-chain/frozen products, warehouses, ports, containers, logistics, and real human business interactions. Qatar/GCC context should appear naturally where relevant.

Avoid overly artificial stock imagery, excessive saturation, cluttered compositions, and imagery that makes the company look like a consumer supermarket rather than a professional food-trading business.

06 — WEBSITE STRUCTURE

Page	Purpose
Home	Brand introduction, hero, product categories, global sourcing, quality, network, CTA.
About	Company story, values, approach, Qatar presence.
Products	Wholesale product categories and detailed product listings.
Services	Sourcing, trading, wholesale supply, logistics/distribution support.
Our Network	Global sourcing and supply-chain story.
Quality	Quality standards, handling, reliability and product selection.
Contact	Inquiry form, contact details, location, wholesale enquiries.

Homepage content direction

- Hero: GLOBAL FOODS • BRIGHTER LIVES
- Short company introduction and Qatar positioning
- Product categories
- Global sourcing / supply-chain visual
- Wholesale distribution capability
- Quality and reliability section
- Our network / countries served
- Strong wholesale enquiry CTA

GLOBAL FOODS BRIGHTER LIVES

THURAYA FOODS TRADING

Food Trading & Wholesale • Qatar / GCC

This brand book is the visual foundation for the Thuraya Foods Trading website. Future pages, UI components, product imagery, marketing graphics, and digital campaigns should remain consistent with this system.
